

FIELD TRIPS & EXCURSIONS

The Board recognizes that field trips and excursions are important components of a student's development. Field trips and excursions are educationally sound and an important ingredient to the instructional program of the charter school. Such activities supplement and enrich classroom learning and encourage new interests among students, make them more aware of community resources and help students relate their educational experience to the outside world. Properly planned and executed, field trips and excursions enrich the charter school's educational program and the social development of the charter school's students.

Field trips and excursions are to be planned and carried out with safety as a priority and in a manner that minimizes the charter school's legal liability and financial cost.

Monitoring Field Trips and Excursions

The Principal/Director of the charter school shall ensure that the effectiveness of field trips and excursions are monitored and continually evaluated to ensure that such activities continue to promote the goals and objectives of the charter school's educational program. Teachers are to have a considerable degree of flexibility and innovation in planning field trips.

Field Trip and Excursion Planning and Approval

All field trips and excursions that take place during school hours must receive prior written approval by the Principal/Director of the charter school. The Principal/Director of the charter school shall ensure that the sponsoring teacher has set out in writing the educational objective of the activity and how the proposed field trip or excursion relates to the charter school's educational program, the ratio of adult/students for the activity, and plans showing the best use of the students' learning time. Such plans must also provide for adequate restroom facilities, that proper food and water will be available during the activity and the means of transportation to and from the activity.

Field trips and excursions lasting longer than the school day require the above procedure and Board approval.

If the Principal/Director of the charter school or the Board does not approve the field trip or excursion, the reasons for not approving the activity must be stated in writing.

The Principal/Director of the charter school may exclude from the field trip or excursion any student whose presence on the field trip or excursion would pose a safety or disciplinary risk.

The Principal/Director of the charter school shall not approve activities that he/she considers to be inherently dangerous to students.

Permission Slips

No student will be permitted to go on a field trip or excursion without a permission slip signed by the student's parent or guardian. The permission slip shall include a waiver of all claims against the charter school, its employees and the State of California for injury, accident, illness or death occurring during or by reason of the field trip or excursion. In addition, the permission slip shall

include an emergency telephone number for the student; any medications the student is required to take, along with the time and dosage required; and any medications the student is allergic to or other medical information necessary to ensure the student's safety.

One copy of the permission slip shall be filed with the Principal/Director of the charter school and one copy shall be given to the teacher to take on the field trip or excursion.

Accident and Medical Insurance

The charter school does not provide student accident or medical insurance. However, information and applications for student injury and medical insurance are available from the Principal/Director of the charter school. Applications and payments must be sent directly to the insurance company.

Supervision of Field Trips and Excursions

The sponsoring teacher must be present to supervise the field trip or excursion. The Principal/Director of the charter school or his/her designee shall be designated as the emergency contact for the group on the field trip or excursion. The sponsoring teacher or charter school employee accompanying the group shall have completed a first aid course which is certified by the American Red Cross.

A first aid kit shall be in the possession of the sponsoring teacher or accompanying charter school employee at all times during the field trip or excursion. If the field trip or excursion is conducted in areas known to be infested with poisonous snakes, the first aid kit must contain medically accepted snakebite remedies. The sponsoring teacher or charter school employee must also be certified in a first aid course emphasizing treatment of snakebites.

Charter school employees shall not consume alcohol or use controlled substances (except for medications taken under a physician's orders) while accompanying and supervising students on a field trip or excursion.

Any injuries or unusual incidents occurring during the field trip or excursion shall be documented in writing by the sponsoring teacher or other charter school employee accompanying the field trip or excursion.

Adult/Student Ratio

Adult/student supervision ratio must be observed at all times during the field trip or excursion. Students are under the jurisdiction of the Board at all times during the field trip or excursion and school rules are to be adhered to at all times. Horseplay, practical jokes, harassment, taunting, rough play, aggressive or violent behavior, profanity, viewing of pornographic material and use of alcohol or controlled substances during the field trip or excursion are strictly prohibited.

Parent/Guardian Participation in Field Trips and Excursions

Parents/guardians are encouraged to participate in field trips and excursions to assist with supervision of students. Parents/guardians accompanying the charter school group shall receive clear information regarding their responsibilities from the sponsoring teacher. Prior to the field trip or excursion, the Principal/Director of the charter school or his/her designee may hold a meeting for parents/guardians accompanying the charter school group as supervisors to discuss, among other things, safety, and the importance of safety-related rules for the field trip or excursion, how to keep a group together and what to do if an emergency occurs.

Parents/guardians will be assigned a specific group of students and shall be responsible for the continuous monitoring of these students at all times. Parents/guardians shall not consume alcohol or use controlled substances (except for medications taken under a physician's orders) while accompanying and supervising students on a field trip or excursion. Parents/guardians participating in field trips and excursions are required to pass a criminal background check and a tuberculosis screening in advance of the field trip/excursion.

Transportation

Consideration will be given to the safest mode of transportation and the safest routes of travel. If travel is by van, the legal occupancy limit must not be exceeded. Seat belts are to be used at all times while traveling.

If transportation for the field trip or excursion is provided by parents/guardians, such parents/guardians shall provide proof of liability insurance. A copy of the insurance policy shall be given to the Principal/Director of the charter school or his/her designee. The parents/guardians shall acknowledge in writing that their insurance carrier is the primary agent responsible for insurance for the field trip or excursion.

Under no circumstances shall students transport other students except siblings with parental permission.

The charter school shall take reasonable precautions to ensure that individuals volunteering to transport students are responsible and capable operators of the vehicles to be used.

Parents/guardians will be reimbursed the costs for use of their private vehicles when used for field trips or excursions at the rate allowed by the Internal Revenue Service for vehicle expense. To receive reimbursement the parent/guardian must submit a report indicating the destination and purpose of the trip and miles traveled. The report must be co-signed by the sponsoring teacher.

Defraying Expenses of Field Trips and Excursions

Students may help defray field trip and excursion costs through donations. A student may not be denied the privilege of participating in a field trip or excursion due to lack of funds. Other approved funding may also offset expenses of field trips and excursions. The sponsoring teacher must provide alternative educational activities for those students not participating in the field trip or excursion due to choosing not to attend or whose parents/guardians do not give permission for the student to participate in the field trip or excursion.
